

Lakshmi Sree Kella

Software Engineer QA

9390082224

kellalakshmisree@gmail.com Bengaluru

SUMMARY

QA Engineer with 3+ years of experience in manual testing, functional testing, regression testing, and API validation for web-based applications in Agile environments. Strong expertise in requirement analysis, test scenario design, test case creation, defect management, and STLC processes. Hands-on experience in end-to-end testing, impact analysis, exploratory testing, and quality validation, with strong analytical and troubleshooting skills. Experienced in using JIRA for defect tracking and test management, collaborating with development teams to ensure high-quality software releases. Exposure to automation testing using Selenium and Playwright for improving regression efficiency

SKILLS

QA & Manual Testing : Manual Testing, Functional Testing, Regression Testing, Integration Testing, System Testing, User Acceptance Testing (UAT), Exploratory Testing, End-to-End Testing, Requirement Analysis, Impact Analysis, Test Scenario Design, Test Case Design, Test Planning, STLC, Quality Assurance

Defect & Test Management : JIRA, Bug Tracking, Defect Lifecycle Management, Root Cause Analysis, Test Documentation, Retesting, Defect Reporting

API & Backend Testing : Postman, SOAP UI, REST API Testing, SQL Validation, Backend Data Testing

Automation Testing : Selenium WebDriver, Playwright, TestNG, Automation Testing (Exposure)

Tools & Collaboration : Git, GitHub, Agile/Scrum, Excel

Domain Knowledge : Gaming Testing Concepts (Awareness), Device Compatibility Testing (Awareness)

WORK EXPERIENCE

E-Commerce Web Application Automation Testing

QA Engineer

📅 01/2024 - Present 📍 Bengaluru

- **Technologies:** Selenium WebDriver, Java, TestNG, Maven, Jenkins, Git, Page Object Model (POM), Maven, cucumber

Project Description & Responsibilities:

- Developed and executed UI automation scripts using Selenium WebDriver, Java, and TestNG.
- Designed reusable automation frameworks following Page Object Model (POM) architecture.
- Executed regression and functional automation test suites through Jenkins CI/CD pipelines.
- Performed cross-browser testing on Chrome, Firefox, and Edge.
- Collaborated with developers to identify, reproduce, and resolve defects efficiently.
- Improved product quality through automation testing and manual validation of user workflows.

Banking Application Functional & Manual Testing

Manual Test Engineer

📅 09/2022 - 12/2023 📍 Bengaluru

- **Technologies:** Jira, SQL, Agile Methodology, Excel, Test Case Management, Postman

Project Description & Responsibilities:

- Performed manual testing and end-to-end testing for banking workflows including Account Management, Fund Transfer, Loan Processing, and Transactions.

- Created detailed test scenarios, test cases, test plans, and test data based on business requirements and functional specifications.
- Conducted impact analysis and regression testing for application enhancements and bug fixes.
- Performed functional, regression, integration, system, and UAT testing to validate product quality.
- Logged and tracked defects using JIRA, ensuring complete defect lifecycle management.

Professional Experience

Capgemini Technology Services — *Software Engineer QA*

Bangalore, India | Sep 2022 – Present

- Analyzed business and functional requirements (implicit and explicit) to design effective testing strategies and validate expected system behavior.
- Designed and executed test scenarios, test cases, and regression test suites for web applications to ensure application stability and product quality.
- Performed manual testing, functional testing, exploratory testing, integration testing, and regression testing across multiple releases.
- Conducted impact analysis to identify affected modules and ensure adequate regression coverage during changes and enhancements.
- Identified, documented, tracked, and validated defects using JIRA, coordinating closely with developers for issue resolution and retesting. 🔄
- Maintained test cases, test plans, defect reports, and QA documentation for improved test coverage and release readiness.
- Participated in Agile ceremonies and collaborated with cross-functional teams to deliver quality releases.

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science

Aditya Degree College Kakinada

Affiliated to Adikavi University Rajahmundry

Graduated: 2022

CERTIFICATIONS

-
- Selenium with Java – Automation Testing (Udemy, 2024)
 - REST API Testing with Postman (Udemy, 2024)
 - Microsoft Certified: Azure Fundamentals (AZ-900)
 - Microsoft Certified: Azure Administrator Associate (Az-104)
