

Lakshmi Sree Kella

Software Engineer QA

9390082224

kellalakshmisree@gmail.com Bengaluru

SUMMARY

QA Engineer with experience in manual testing, API testing, and automation testing for web applications in Agile environments. Skilled in functional, regression, exploratory, and API testing with hands-on exposure to Playwright, Selenium, Postman, SQL, and Git workflows. Familiar with test case creation, defect reporting, REST API validation, and automation basics. Strong attention to detail, problem-solving mindset, and eagerness to contribute to high-quality software delivery while continuously learning modern QA practices and CI/CD workflows.

SKILLS

Programming: JavaScript (Basic), Java, C

Automation Testing: Playwright, Selenium WebDriver, TestNG

Manual Testing: Functional Testing, Regression Testing, Exploratory Testing, Smoke Testing, System Testing, UAT, End-to-End Testing

API Testing: Postman, REST API Testing, SOAP UI

Web Technologies: HTML, CSS, DOM Basics

Databases: SQL, MySQL

Version Control & Collaboration: Git, GitHub, Jira

Frameworks & Tools: Maven, BDD, Cucumber, POM, Hybrid Framework

Development Practices: Agile/Scrum, CI/CD Basics, Jenkins

Cloud Exposure: Azure Fundamentals, Azure Basics

WORK EXPERIENCE

E-Commerce Web Application Automation Testing

QA Engineer

📅 01/2024 - Present 📍 Bengaluru

- **Technologies:** Selenium WebDriver, Java, TestNG, Maven, Jenkins, Git, Page Object Model (POM), Playwright, Maven

Project Description & Responsibilities:

- Automated critical workflows including Login, Product Search, Cart, Checkout, and Payment modules.
- Executed regression suites and analyzed failures to improve test stability and pass rates.
- Supported CI/CD regression testing during sprint deployments and release cycles.
- Developed reusable test scripts and automation utilities for scalable test maintenance.
- Performed manual validation for newly implemented features and production fixes.

Banking Application Functional & Manual Testing

Manual Test Engineer

📅 09/2022 - 12/2023 📍 Bengaluru

- **Technologies:** Jira, SQL, Agile Methodology, Excel, Test Case Management, Postman

Project Description & Responsibilities:

- Performed functional and regression testing for banking modules including Account Management, Fund Transfer, Transaction Processing, and Loan Services.
- Validated business workflows and backend data using SQL queries.
- Created reusable test scenarios and detailed test cases aligned with business requirements and acceptance criteria.
- Conducted API validation testing using Postman.
- Supported release testing and production issue verification activities.

Professional Experience

Capgemini Technology Services — *Software Engineer QA*

Bangalore, India | Sep 2022 – Present

- Capgemini Technology Services | Sep 2022 – Present | Bengaluru
- Executed manual test cases for UI, API, and end-to-end user workflows across web applications.
- Performed exploratory, functional, regression, smoke, and integration testing to identify defects and edge cases.
- Created detailed test cases, test scenarios, and defect reports with clear reproduction steps using Jira.
- Conducted REST API validation using Postman, verifying request/response payloads, status codes, and business logic.
- Performed backend data validation using SQL to ensure application data accuracy and consistency.
- Built and maintained automation scripts using Playwright with JavaScript for critical user journeys and regression testing.
- Collaborated with developers and product teams to validate business requirements and resolve defects efficiently.
- Participated in Git/GitHub workflows and Agile Scrum ceremonies including sprint planning, reviews, and retrospectives.
- Contributed to reusable automation practices to improve regression efficiency and software quality.
- Supported release validation and quality assurance activities for production deployments.

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science

Aditya Degree College Kakinada

Affiliated to Adikavi University Rajahmundry

Graduated: 2022

CERTIFICATIONS

-
- Selenium with Java – Automation Testing (Udemy, 2024)
 - REST API Testing with Postman (Udemy, 2024)
 - Microsoft Certified: Azure Fundamentals (AZ-900)
 - Microsoft Certified: Azure Administrator Associate (AZ-104)
